Ladner vs. McCarty

7 precincts revote Oct. 5

K. G. McCarty, incumbent, and Robert F. Ladner will rerun their second primary election fight in seven precincts Saturday, Oct. 5, the Hancock County Democratic Executive Committee decided Tuesday.

In all these precincts the election manager receiving the Mark ballots also initiated some

or all the ballots when they were cast contrary to the law. The seven precincts, all in Beat 5, are: Waveland, City Hall, Courthouse, Edwardsville, Lakeshore, Arlington and Central School.

The committee also voted to allow the results of their canvass of ballots last month to stand in all other precincts. This gives Ladner a 1,665 to 1,503 lead over McCarty going into the Oct. 5 balloting.

No fireworks developed at Tuesday's meeting called to decide McCarty's protest that the committee should not have certified Ladner as the Democratic nominee although the committee's canvass gave Ladner a four vote margin. In fact the committee's action, both in calling for a new vote in the seven precincts and in re-adopting its figures for the other precincts, had the prior acceptance of attorneys for the two candidates. In addition both candidates said they thought a Saturday would be the best day for holding the partial election.

Actual calling for the Oct. 5 voting and naming of managers will take place at a committee meeting next Tuesday.

Committee members present were: Joseph V. Colson, chairman, Horace G. Davis, Ed Martin, Jules LaFrance, Elvie Roberson, Clinton Dedeaux, Howard Ladner, Gastrell Shaywitz, John C. Koenen and Frank Klein.

BLOOD DRAWING OCT. 3

Third blood drawing of the year will take place from 2 to 4 p.m. next Thursday, Oct. 3, at the American Legion Home on South Beach. Blood Bank President John Rutherford said need to replenish supply is urgent as August consumption was heaviest in 10-year history of bank.

JFK SIGNS FHA BILL

Senator John Stennis notified the Sea Coast Echo late Wednesday that President Kennedy has signed into law Stennis' bill authorizing under the FHA program government-insured mortgages on housing for essential employees of the NASA site in this area.

GUN, ROD MEET

The new charter will be displayed and a seafood supper served when the recently formed Bay-Waveland Gun and Rod Club meets at 8 p.m. Monday at the Legion Home, downstairs, Jack Ladner, president, reports.

BY MRS. MALCOLM GREEN

Mrs. Lillian McCarty and Mrs. Mary Arnold, former nurses aides at Hancock General, have finished their first four months of study, at Memorial in Gulfport, on the way to becoming licensed practical nurses. The next eight months will be spent on floor duty in all phases of hospital nursing duty. It couldn't happen to two nicer people.

A very happy birthday to little Miss Dorothy Faye Hoyer of Pearlport who was 7 on Sept. 19. Congratulations also to Miss Holly Rae Green of Balboa Canal Zone who was 16 recently, just 16 years after the Hurricane of 1947. My nephew Lonnie Strickland of Chalmette and Holly Rae were born at almost the same time—she in Kings Daughters, and Lonnie in Baptist in New Orleans with two feet of water in the delivery room as the sky-light had broken during the height of the storm. Contrary to old wives tales about circumstances of birth, etc., both have the gentlest of dispositions.

Our daughter Sandy is home on a leave of absence from Ochsner Foundation Hospital where she was a patient last week after being transferred there from Hancock General. She is in a cast covering the whole upper part of her body with the exception of her left arm. In five weeks she returns to undergo surgery on her right arm. In the

meantime she is attending school and trying to catch up on the time she has already lost from her classes.

Mr. and Mrs. Emmett Lundich have a home of their own recently bought and moved on their lot given to them by Linda's parents.

Mrs. Edna Johnston is at home after being very ill in our local hospital recently. All her friends wish her a complete recovery. Others on the sick list recently were Mrs. Viva Smith, Wyatt Bowman, and Bob Wheeladen.

Marion Green has been released from a Balboa Canal Zone hospital and is recovering from second degree burns at his home. The latest letter reveals no permanent damage for which all his relatives here are grateful.

Ray Wheeladen has returned home after being a patient in the Veterans Hospital in New Orleans and Hancock General.

We remember

Many in remembering Mr. Leo W. Seal, and many will remember him for a long time, may think of his business accomplishments from the time he first fired a boiler for the H. Weston Lumber Company to his days as president and chairman of the board of the Mississippi Coast's largest banking institution.

His successful fight to legally clear "one-armed bandits" from Hancock County will come to other minds, while more will think of his many unpublicized acts of kindness and generosity.

Those interested in forestry may understandably think of the great contributions Mr. Seal made to all forestry programs in Mississippi over a fifty year span, while his associates in many businesses, in many professional and civic clubs, and on three governors' staffs may remember him particularly in those capacities.

In any event this big man will be remembered. For ourselves we remember a courtly and gracious man who always had time.

Two crimes

Last week two youths, hardly teen-aged, through arson and vandalism did an estimated \$100,000 damage to houses in the Shoreline Park area and repayment of the money losses would hardly undo the harm. For one thing this is another instance, and an extreme one, of the problem of vandalism we have.

The vacant house has always been a lure to our young, particularly the pre-teen. A broken window, sometimes minor pilfering, and other light damage just goes with homes which are lived in part time. This is a far cry from deliberate vandalism—the destroying of something just for the sake of destroying—and that is what has happened here repeatedly in recent years.

Hancock County has much to offer summer and part time residents and these people have almost carried our economy in the past. While we may no longer be dependent on these people for all the icing on our economic cake, they are still important to most of us.

If you lived in New Orleans or some other crowded area would you invest in a summer home or a fishing camp in an area where vandalism, by youth or age, was rampant? Don't expect others to.

The sheriff, the constables, the policemen alone can't stop it. The public, from kids through adults, can. That is, if they want to.

At common law arson was the willfully burning of the house of another, and because of the danger of killing someone during the process of this crime, it, like armed robbery, was considered just short of murder in heinousness. In Mississippi today the scope of the crime has been broadened somewhat and the maximum penalty lessened to twenty years. In admitting the burning of three houses this is the crime these two youths admit to committing.

Willfully setting a forest fire is similar to arson, but the likelihood of killing someone is probably less. In any event this felony carries a maximum penal term of two years. Except for these differences the crimes are the same.

Of our annual springtime rash of forest fires, a high percentage give evidence of being willfully started by adults.

While speculating on what to do with our kid arsonists, the public might consider what to do about their close kin in crime.

Since all precincts involved in the special election for county superintendent of education are in populous Beat 5, it is understandable that some of the non-Beat 5 members of the county Democratic Committee suggested that the "county folk" could show the "city slickers" how an election should be run. And this was before their "steak" dinner arranged by "slicker" Joe Colson turned out to be hamburger steak.

Editor, Sea Coast Echo:
Regarding the article about so few mosquitoes at MTO, it is false. There are millions of them and they are bothersome. Something should be done to permanently eliminate them.

Lions club formed here

Bay St. Louis' new Lions Club will officially come into being at a 7:30 p.m. meeting Sept. 30 at the yacht club when District Governor Gordon Payne, Lucedale, presents its charter to President James Fillingame. However, the new club already has 18 members and more may be added before its official life begins.

With the activation of the Lions the Bay-Waveland area will have two civic clubs, Rotary already being well established here. The new club will hold dinner meetings on the second and fourth Mondays of each month, but no definite decision has yet been made as to the location.

Officers besides Fillingame are Farris Gregory, secretary, and Conrad Mauffray, treasurer. Other members include: Albert A. Asher, Truett Broadus, Gerald D. Buckelew, Robert M. Lauderdale, George H. Lipscomb, Jr., Anthony J. Scalfid, Sheldon M. Seuzeneau, John W. Smith, Charles J. Adams, Frank E. Pike, Earl Ramond, Donald Lusich, John G. Christensen, Dr. Loran J. Weinberg, Jr., and Dr. M. J. Wolfe, Jr.

Child vandals...

(Cont. from Page 1.)
The next clue came Wednesday night when Alvin P. Cooper and his wife appeared at the Courthouse to report their summer home had burned to the ground from a fire, apparently started about 2 p.m. that day. Deputy Donald Marquar was on duty and went with them to check the scene. The Coopers had no insurance on the property and Mrs. Cooper was in tears.

Thursday morning the J. C. Steward home, facing a lazy bayou of the Jordan River, went up in flames and shortly afterwards the home of Mrs. Margaret Helmer, in a secluded woody spot behind the National Guard armory, exploded and alerted the entire area. Butane tanks and a hot water heater added to the noise of the fire there.

The sheriff's men went to the site that morning in the plane of Corcoran and Ranger Emilio Piazza but they reported nothing although the two boys said later they were well aware of the carnal chaos.

Earl Camben saw two kids on Nicholson just south of U. S. 90 about noon and notified the sheriff's office. Price and Sidney Mearns, one of a dozen or so volunteers combing the woods with the officers, arrested these about 2 p.m. The kids said they had run out of bullets and were going to get more at a Waveland store.

They returned with Deputy Price later in the afternoon to point out most of the places they had entered. A complete list of ownership has not yet been compiled since the people are mostly Louisianians who had summer places in the sub-division. In addition to the places pictured, complaints have been filed by Wilford E. Pritchett, C. E. Bennett, Walton J. Naismith, Cyril Mayer, L. L. Phillips, Anna Kern, Mrs. Elsie Holden, all of New Orleans; L. S. Arm, Bay St. Louis, and E. L. Landrum, Picoyune.

The two told officers they had set fire to the places when they couldn't find any bullets for the shot gun they had taken from the Albert Dean place in the Wimdixie area, first home they hit.

Sister Mrs. J. T. McCalah, Jr., treasurer, and Mrs. Malcolm Coward, secretary. Next meeting will be at 8 p.m. Oct. 17.

Mosquitos thrived in 1830s

Early Logtown days told by Capt. Koch

By S. G. THIGPEN

One of the first pioneers in the Logtown area, if not the very first white man to settle there, establish a farm, stock place and home, was Capt. Christian Koch, a native of Denmark. Christian Koch stands out in the early days of Logtown as a legendary figure. He was a man of great energy, he was thrifty and, he was man who was independent and original in his thoughts and actions, and a man of the highest integrity who commanded the respect of all the people among whom he lived.

A granddaughter wrote, "When, in later years, he prospered on his Mississippi farm, he tried to make of his garden a miniature Denmark. Homesick Danes found refuge there, and a good many of them found brides as well for grandfather had many children. His descendants are scattered all over the United States."

Because it was so different, and was such a self-supporting and self-contained place, the Koch old farm became in later years to be pretty much of a tourist attraction. I remember going there something like 35 years ago to see this old place.

Christian Koch kept a diary for the years 1831 through 1936. There is no record of his having kept one for other years. This diary shows that he, as a young man, traveled, as a seaman to many parts of the world. The diary is much too long to publish all of it, so only that part which refers to Pearlington and Logtown areas is included.

Captain Koch apparently lost his heart to a beautiful young lady of Pearlington on his trip there as a seaman for some time around 1836 or 1837 he came back there and married her. After his marriage he bought 1,000 acres just northeast of Logtown on which he built his home. He paid for this land 12 cents an acre, or \$125 for the one thousand acres.

Now to quote the diary: "I had now taken hire on a little schooner of about 30 tons which sailed on Lake Ponchartraine to Pearlington, where it belonged. The owner ran it himself but he was no sailor so we two men of

Action on other civil matters was as follows:

Holcomb, vs. Jack Ladner, settled and dismissed at cost to defendant; Automotive Finance Co., Inc., vs. Mrs. Doris A. Givens, assessed Ford auto value at \$325 in which plaintiff has \$852.33 interest; American Bitumals and Asphalt Co., vs. Roy A. Calhoun, garnishee of Hancock Bank dismissed at plaintiff's cost; Nonan Rug Mills, Inc., vs. Mr. and Mrs. Roy A. Calhoun, 30 days for defendant to answer; W. F. Holder, aka Commercial Finance, vs. Mr. and Mrs. Jay Warner, 10 days for defendant to answer; Industrial Acceptance Corp., vs. Jake B. Morroale, defense allowed 60 days to plead to declaration; Commercial Credit Corp. vs. Sidney John Doussan, defense allowed 30 days to plead; Friendly Appliances, Inc., vs. Mr. and Mrs. A. T. Caspolich, overrule defense motion to strike plaintiff's answer to affirmative defense.

Before adjourning the term the judge approved Sheriff Gerald V. Price's court expenses of \$1,090.60 and \$497 for Clerk Lamar Otis.

Mrs. Howard Franks is looking forward to becoming a mother shortly after the first of the new year.

Still another family to say happy to have you to the Elmer Franks, formerly of Biloxi, more recently (about 25 years) of New Orleans, have taken possession of their lovely new home on Airline Court.

Jane and Owen Williams and the boys, David, Doug, Crickie and Richard spent Saturday in Hattiesburg visiting daughter Karen at Hattiesburg Hall at Southern.

As a true animal lover, we understand the grief suffered by Mr. and Mrs. Charles A. Franks of Leopold St. over the sudden passing of their pet cat Tuffy, Tuffy is the selfsame feline mentioned in last week's bit—positioned in Bay St. Louis via air—and was in apparent good health before retiring Saturday night—the Hayes discovered their loss around 2:30 a.m. Sunday.

Get well wishes are in order for Gloria (Mrs. Herbert) Peterson—she's home again after undergoing treatment for ulcers in Hattiesburg General—M. R. Dan Sellen is another who's been under the weather.

Crafts displays

Lots of really interesting exhibits on display at the Home Demonstration Council's first fair Friday at Main Street Methodist Church Annex. One of the more interesting displays was Mrs. O. Duke's collection of 700 shoes from every state in the Union and 14 foreign countries.

Mrs. Duke has a second hobby, ceramics, and had a lovely table showing examples of this art. Received our first communication in months from the Peace Pilgrim about whom we wrote some time ago, this week—she's still going strong having just completed a 1,000 jaunt through New England—her description of feasting on dew covered blueberries for breakfast had us almost drooling, and frankly, we're not so hepped on berries for breakfast, but that gal has a way with a word!

SIGHTS AND SOUNDS ALONG THE WAY - Fall and all it's supposed to entail, arriving promptly on schedule—awakening to a brisk breeze, seeing the traditional haze obscuring distant outlines; golden leaves parting company with parent trees and the scudding sound as they risk along the ground seeking permanent resting place.

Her matron of honor and only attendant was her sister, Mrs. Dyan Brown. Best man was Jack Chenette.

The reception followed at the home of the bride at 246 Balentine Street. The couple left on a wedding trip to North Carolina and Norfolk, Va.

Expect great things from Chevrolet again-for '64

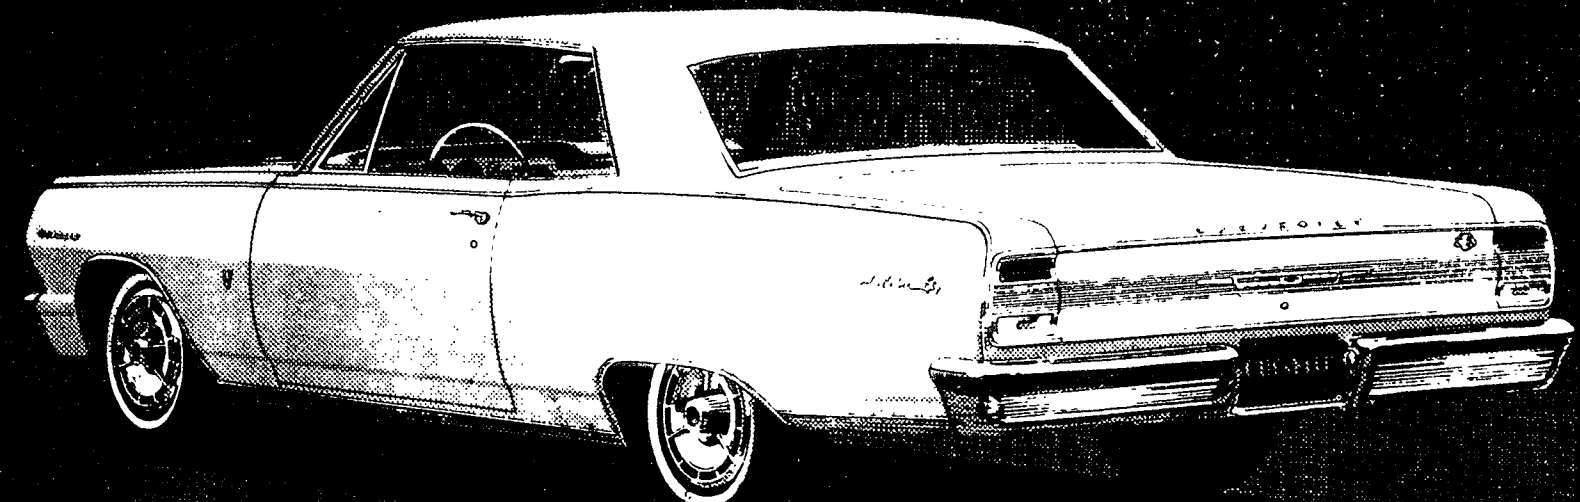

Today...Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious,

too. Even the lowest priced Biscaines have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth

ride with Full Coil suspension. Flush-and-dry rocker panels. Delectron generator, self-adjusting brakes and other low-keep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

Teen Times

Must be kind of hard on students to look out-of-doors and see a summery sun shining brightly—despite the fact that the fourth week of classes almost draws to an end, the temperatures are more suited to swimming, sailing, tennis than concentration on books. Teen-agers, however, are taking advantage of weekends and are enjoying beach parties, barbecues and similar warm weather past-times.

Friday night just about everybody flocked to the Tiger grid-iron.

Bay High in its second game in the fancy new stadium, beat Pearl River Central 20-0. Janet Crow, who picked up some fancy baton maneuvers at majorette school at Southern early in the summer, was lovely as Bay High's head majorette. A lively pep squad helped fill out the band, seriously depleted by the graduation of veterans Carolyn Daniels, Karen Williams, Sandra Hinson and Nancy Chatman. Which prompts us to mention the fact that among the many newcomers, there must be some who have musical interests and we're sure band director, Marcel La Nasa, would be most happy to audition anyone so inclined.

St. Stanislaus fared not so well in its initial encounter. . . bowing to Hahnville High. Despite enthusiastic cheers led by Suzi Rhodes, Nunu Piazza, Dianne Carver and Ann Gottschalk and the colorfully dressed Rock-a-Cheers the local boys went down 20 to 0.

While on the subject of Stanislaus, our readers might be interested to learn that new band director, Morris Sweat, played first trumpet in Southern's Pride of Mississippi band and was president of that group in his senior year, '63.

Tom Mayfield, who unfortunately will have to pass up football in his senior year, due to recent major surgery, won't be left out of the act completely. He's acting as sports correspondent for the Time-Picayune during the pigskin season.

A very happy belated birthday wish goes to Christine Sauer. . . she celebrated at a party last week. . . incidentally, Christine and sister Phyllis will be doing their Teen Time reporting from S. J. A. instead of Bay High as we erroneously states last week.

Loads of college students came home for the weekend—some were Sue Breath, Mildred Parker, Gaudier Mayfield, Paula Crider, Christy Torgersen, Edith Traub, Jim Johnston, Carol Western and Nita Kay Erwin, Mary Lou Herlihy, all from Southern and from P.R.C., Joanne McCulloch, Linda Marakakis and Kathleen Schaefer, Ray Kidd, Jr., is a member of the freshman class at P.R.C.

Welcome to Teen Times Joe Schultz who celebrated his 13th at a party hosted by his mother, Mrs. Travis Culbreath, Sept. 19. About a dozen guests shared his cake and admired his brand new bicycle.

Bert Rowan of Clermont Harbor entered his freshman year as a boarder at St. Paul's in Covington, La.

Caroline Domiens and Nancy Chatman, who share an apartment in the Crescent City where Caroline is attending K-ray technical school and Nancy is employed by the telephone company, came home for the weekend. Caroline is in line for get well wishes—she's wearing a brace on her back—sprained spinal disc. Get well wishes also go to Lennie Schultz. . . he's under doctor's treatment for an infected knee.

Billy Bradford, well known in Waveland as a summer and weekend resident, has entered Loyola as a freshman in pre-med school. Sue Porter, daughter of the Ed Porters, and last year a sophomore at SJA now attends All Saints Episcopal boarding school in Vicksburg.

Christa Klein of Clermont Harbor will receive her diploma from a Gulfport beauty school in December.

YOUNG LAWYERS - Players of the Junior Sheriff's team, in the 1963 Little League were, from left, front row, Rodney Thompson; second row Joe Schultz, William Redo, Darrell, Edward Fayard, III, Clayton Thompson, Jr.; third row, Clayton Thompson, manager, Gary Walker, John Creely, Terry Ryan, Dennis Ryan, Orville Ferrell, assistant manager, Charles Favre.

Kennedy, Whitfield in Rondinella lead

Basil Kennedy and Bob Whitfield moved out in front in their respective GP-14 championship races last weekend. Kennedy posted 17 1/2 points in the junior class and Bob Whitfield tallied 12 1/4 in the senior class.

Tied for second among the junior are Sarah Dale McFarland and Eric Dumont of Mobile with 14 points each.

Close behind Whitfield in the senior class are Mrs. J. W. Clark with 12 points and Bill Pitcairn, Jr., with 11.

Five races were sailed over the weekend as the swift 14-foot sloops spanned their bows about the bay. The Rondinella Series will be concluded this weekend with two classes, completing five races to determine their respective champions. Precedent for the Time-Picayune during the pigskin season.

Annual fall regatta at Bay-Waveland Yacht Club will be Oct. 4 and 5 when both the Pass Christian and Bay-Waveland Lip-ton teams will be honored. Saturday there will be a dance from 9 p.m. to 1 with a band. Admission will be \$3 per couple. A special invitation to newcomers is extended.

Former resident, Darel O'Donnell entered school in New Orleans, but he plans to return to Waveland soon. . . his parents purchased a home on Beach Blvd.

A number of girls and boys worked this summer—Louis Ferrell at Waveland Drug, brother Ronnie aided his father in the plumbing business; Barbara Noonan, at Waveland Bakery; Wayne Lochner picked up spending money on an oil rig, Forrest Bourgeois, on the Town of Waveland, Carol Western at her parent's hobby shop, Urtiche Winkelmans in the dietetic department of Hancock General, Dennis Suzanneau, at a local law firm and many others picked up extra change baby sitting.

In women's softball, Mol-lare's Reilly, hard pressed by Moran's, took top honors, but just might be pressed by Jerome's next summer. . . these little girls are young—many playing for the first time. . . and with more experience, will be real title contenders.

Melvin (Buddie) Wilson, USMC, is spending his first leave since entering the services with his grandparents, Mayor and Mrs. Garfield Ledner. . . he flew in via jet last week. His mother, Mrs. Lionel Bordages, feasted him at a dinner party Sunday.

John Necaise is doing a fine job keeping us posted on doings in the Hancock North Central area.

Everyone at the Echo miscos sports reporter Harry Shamus, but Pat McGinley is learning to fill the void.

Jo Ann Smith still likes beauty college. . . she'll receive her diploma from a Gulfport beauty school in December.

Millions of families are taking big financial risks they don't know about

Are you?

A national survey recently revealed the following two startling facts. If either one applies to you, you are risking financial ruin:

1. Two-thirds of all the families in the United States are not protected by insurance against theft . . . loss of personal property . . . or liability for injury to another person.
2. One-third of all American families do not have insurance on their furniture and other household possessions (even though some have insurance on their homes).

To be sure you are sufficiently protected against fire, accident, vandalism, and other hazards, see an independent insurance agent.

As your local independent agents we are pledged to serve you first. We select the best policies for you from those offered by several competing companies. And when you have a loss, we'll help you get your claim settled quickly, fairly, without red tape.

To find out how we can take the big worries out of insurance for you, call on us any time. Just look for this seal.

for the extra point making it 13-7.

Later in the third period Stone went ahead to stay when halfback David Cobb took a Hawk punt on his own 12 yard and raced 88 yards for the Stone touchdown. Rath added the extra point.

Chahta lma nips Jones

A missed extra point in the first quarter was the difference in Valeno C. Jones' 14-13 loss to Chahta lma High at Lacombe Friday night.

The visiting Tigers scored first when linebacker Lorry Haynes raced 35 yards with an intercepted pass for a touchdown, but the extra point attempt was no good.

They held onto their 6-0 lead until only 45 seconds remained in the first half when Lacombe scored a touchdown and added the extra point.

In the second half Chahta lma High scored midway in the third quarter again making the extra point for a 14-6 lead, Valeno C. Jones closed the gap to 14-13 about half-way through the last stanza on a touchdown pass from quarterback Sullivan Bell to halfback Martin Collins with a repeat for the extra point, but that was that.

Coach Willie Bradley reported that standouts in the Tiger defense were Ulysses Sheppard, Clevean Williams, Martin Collins, Milton Collins, Haynes, Harold Price and Larry Peters.

Friday night Jones plays host to John J. Jefferson High School of Purvis at Tiger Stadium.

The '64s from Ford are here: The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.
